Introduction

This Demographics Report presents a synthesis of demographic information describing Active Duty (Army, Navy, Marine Corps, and Air Force) and Reserve component (Army National Guard, Army Reserve, Navy Reserve, Marine Corps Reserve, Air National Guard, Air Force Reserve, and DHS's Coast Guard Reserve) members and their families. It serves as a reference tool for professionals who develop policy or deliver programs and services to military members and families in the Armed Forces. For previous years' reports, please visit Military OneSource at <https://www.militaryonesource.mil/demographic-profiles>.

The 2019 Report

To provide a holistic profile of the military community, the 2019 Report presents demographic information for Active Duty and Reserve and Guard personnel. In addition, selected Census data are presented as a point of reference, and military demographics trends for 2000, 2005, 2010, 2015, and 2019 are included where possible.

Presentation of Information

Military member demographics and family demographics are presented separately for Active Duty and Reserve and Guard populations as follows:

- Section 1: Total Military Force
- Section 2: Active Duty Members
- Section 3: Reserve and Guard Members
- Section 4: Total Force Families
- Section 5: Active Duty Families
- Section 6: Reserve and Guard Families
- Section 7: Reference Tables
- Data Sources and References

The data contained in this publication were derived from a variety of sources and, in general, only data that are available on a consistent basis for all Services are presented. The majority of data are managed by the Defense Manpower Data Center, particularly the Active Duty Military Personnel Master File, the Active Duty Military Family File, the Reserve Components Common Personnel Data System, and the Reserve Components Family File.

All exhibits included in this report contain source citations, and the Data Sources and References section of this document provides a reference for all data sources.

Guidelines for Interpreting Data

Guiding principles for interpreting data include:

- Numbers for population groups (e.g., Active Duty, enlisted members) may vary across exhibits as a result of different data sources, missing data, and/or rounding.
- Percentages may not total to 100 due to rounding or missing data.
- Warrant officers are included with officers unless otherwise noted.

In the Active Duty sections of this report, data are presented for the four DoD Service branches (Army, Navy, Marine Corps, and Air Force). Some information about the DHS's Active Duty Coast Guard is presented in the Total Military Force section of this report. In the Reserve and Guard Members section, the label "Total DoD" is used to reflect the six Reserve components under DoD (Army National Guard,

Army Reserve, Navy Reserve, Marine Corps Reserve, Air National Guard, and Air Force Reserve), while “Total Selected Reserve” includes DHS’s Coast Guard Reserve data in addition to data from the DoD Reserve components.

The data pertaining to Reserve and Guard members depict the Selected Reserve and the National Guard and do not include any other Ready Reserve forces (i.e., Individual Ready Reserve and Inactive National Guard) unless otherwise specified. The introduction to Section 3 describes the composition of the Reserve forces of the United States and explains why most data displays are limited to Selected Reserve personnel.

All data pertaining to Active Duty and Selected Reserve family members (i.e., spouses, children, and adult dependents) are extracted from the Defense Enrollment and Eligibility Reporting System (DEERS). Therefore, the data are dependent on the military members reporting the necessary information.

Demographics Profile of the Military Community Infographics

To supplement this report, infographics that provide detailed information about service members and family members presented in engaging, easy-to-read formats are available on Military OneSource. A total of twelve infographics are provided, with separate Member and Family Infographics available for:

- Overall Active Duty
- Air Force Active Duty

SECTION 3

Reserve and Guard Members

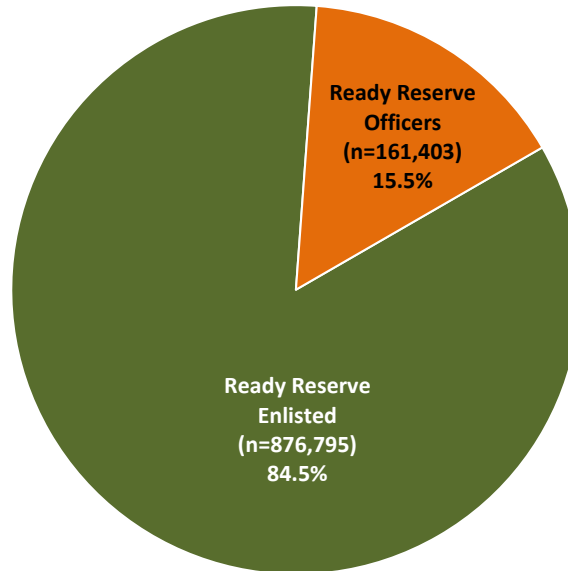

This section contains demographic data on the Reserve and Guard population, including the DoD Reserve and Guard components as well as the DHS Coast Guard Reserve. All Reserve and Guard personnel fall into one of three Reserve component categories: the Ready Reserve, the Standby Reserve, and the Retired Reserve. The first few exhibits in this section present information on Ready Reserve personnel. The Ready Reserve comprises the Selected Reserve, the Individual Ready Reserve, and the Inactive National Guard. Because Selected Reserve members train throughout the year and participate annually in Active Duty training exercises, the rest of the exhibits in this section focus on the Selected Reserve. The specific characteristics of the Selected Reserve components addressed in this section include gender, race/ethnicity, geographic location, age, education level, marital status, and retirements and losses.
