WELCOME TO FORT CAMPBELL, KENTUCKY

Home of the 101ST Airborne Division (Air Assault)

For over half a century, first as a camp and later as a post, Fort Campbell has had a proud heritage as home of the nation's finest fighting forces. Fort Campbell is home of the Army's only Air Assault Division. The 101st Airborne Division (Air Assault) consists of three combat brigades plus the 101st Aviation Brigade, 101st Sustainment Brigade, Headquarters and Headquarters Battalion, 101st Airborne Division Artillery, Warrior Transition Battalion and several separate commands. The five major tenant units at Fort Campbell include the 5th Special Forces Group (Airborne), 160th Special Operations Aviation Regiment (Airborne), U.S Army Medical Activity, TN Valley District Corps of Engineers, and U.S Army Dental Activity.

Although the units and men and women here have widely different missions and jobs, they are here for one purpose -- to be ready to defend the nation. Infantry, mechanics, pilots, cooks, -- they are all on the move with the modern Army at Fort Campbell.

Much like a large city, Fort Campbell has its own supermarket, shopping mall, medical facilities, neighborhoods, and churches. The important thing to remember is that not only are all of these things available, but the people here really want to serve you.

If you like sports and recreation, you're in a great place. Almost every type of recreation and athletics are available. A golf course, pools, lakes, a bowling center, turkey and deer hunting, fishing, horseback riding, craft shops, and much more are all around you.

The Capital of Country Music, Nashville, is to the southeast, Mammoth Cave National Park is to the north, and Kentucky Lake and Lake Barkley are to the west -- all combined to offer total variety for the traveler and visitor. There is plenty to see and do on a short weekend or a month's leave -- in both Kentucky and Tennessee.

Welcome to Fort Campbell -- may your stay be enjoyable and your tour of duty professionally rewarding.

**101st Airborne Division Song
“Rendezvous With Destiny”
(All Soldiers assigned or attached

Screaming Eagle Song.)**

“We have a rendezvous with destiny.
Our strength and courage strike the spark
that will always make men free.
Assault right down through the skies of blue;
Keep your eyes on the job to be done.
We’re the Soldiers of the hundred-first;
we’ll fight til the battle’s won!”

The Armed Services YMCA of Fort Campbell exists to Make Military Life Easier for our junior enlisted military and their young families. These young heroes and their families are voluntarily serving and sacrificing daily so we can continue to enjoy our freedoms and way of life. The junior troops don't get paid very much and with shrinking defense budgets, troop and family programs are being cut at every military installation. The ASYMCA of Fort Campbell attempts to fill the highest priority gaps in these required programs and services.

Services currently provided at the Fort Campbell ASYMCA **Operation Hero**

Operation Hero is an onsite after-school program, which focuses on character development and skill building within military children who have been identified by school personnel and parents exhibiting low self-esteem, or difficulty adjusting both academically and socially in the school environment. Students are assisted with homework while participating in the program. Curriculum is designed to help children handle the challenges of military life, provide tools to help them succeed in school, and help develop a positive self-image while improving social and communication skills. Fort Campbell's Operation Hero program available to children attending Fort Campbell Elementary Schools.

These providers are supported by a caring group of nurses, medical assistants and administrative staff. Our mission is to provide compassionate care in a Family centered model, empowering the patient and her Family to participate in her care. This philosophy is embedded in our Family-centered model of care—the first of its kind in a DoD Women’s Health Clinic and our Centering in Pregnancy program which allows patients to undergo prenatal care in a group setting. In order to maximize your time with your provider, we ask that you arrive 15 minutes before your appointment. Although we are Family centered, we do recognize that sometimes young children can be a distraction during your appointment. Please arrange child care when you have an appointment in the Women’s Health/OBGYN Clinic. If this is not possible, please bring another adult who will be responsible for your child during the visit. Gynecology patients are seen by appointment only. Because there is a great demand for these appointments, please call to cancel an appointment you are not able to keep at least 24 hours in advance. Residential Lease Agreement

A residential lease agreement can be an oral agreement and recognized as a binding lease, however, it is advised you use a written lease to clearly document contractual rights and obligations of both parties. You and the rental agent/landlord should initial any additions or deletions made to the lease. Read and be sure you understand the lease before signing. If you have any problems understanding the lease agreement you may request assistance from the Staff Judge Advocate (SJA) or Housing Services Office. Most rental agencies require you to pay a fee to complete an application/credit check to obtain a residential lease agreement. Credit checks are conducted to obtain payment histories with your previous landlords. If you are denied an opportunity to lease a residential rental unit due to unfavorable

credit, do not continue to apply as the cost will add up fairly quickly. We have established long term relations with many local area Property Managers, so please visit the HSO before you complete another application and pay another credit check fee.

Security Deposits

A security deposit may be required by a landlord before you move in and, usually, is the equivalent of a month's rent or less or none at all. This deposit may be used to cover damages above normal wear & tear or under certain circumstances may be used to cover unpaid rent when you move out.

If you keep your rental in good shape so that there are no charges for damages involved and no rent is due, you should ask for your security deposit back. Remember, security deposits are not advanced rental fees and are not to be used to pay your last month rent.

Move in and Move Out Inspections

A move in inspection should be completed on the day of move in into a rental property. It is vitally important to document the condition of the property to eliminate your liability for damages that may have occurred prior to you taking possession of the property. It will also assist if you have future disputes regarding the condition of the rental property. Upon preparing to vacate, a move out inspection should be completed and compared with the move in condition sheet. Most Property Managers will provide you with a move in/move out checklist. If you are not provided a checklist, create your own checklist and have a copy placed in your rental file.

Cautionary Areas

Fort Campbell publishes an Off-limits establishment listing quarterly on the [Fort Campbell website \(www.campbell.army.mil\)](http://www.campbell.army.mil). In addition, a copy is contained in each in-processing packet issued by the Housing Services Office. (HSO)
