# VILLAGE ELDER PROGRAM

**Moving to a new country is exciting, but it can be overwhelming, especially when you don't know anyone.**

**The Village Elder Program is here to help.**

## **What is the Village Elder Program?**

- It is a support network; a program where residents in each individual village communicate and interact with one another.
- Each town has an Village Elder; he or she will provide information and assistance to newcomers moving into their town upon request.

## **What type of Information and Assistance?**

- Each Village Elder has a binder cataloging local village events, restaurant menus, babysitter information, tax information, shopping, Hospital and Vet info and more.
- The Village Elder Facebook group is a great way to keep up to date on upcoming local events.
- There is a designated email address for each Village Elder. You can contact them with any questions you have or to just introduce yourself.
