

The emergency department at the 6 MDG closed on 5 July 2005. The following information is provided to answer frequently asked questions. If you have further questions or need assistance, please visit the 6th Medical Group TRICARE Office, located adjacent to the hospital. The hours of operation are Monday – Friday 0730-1630, closed all holidays and at noon the third Wed of every month for readiness training.

Do I proceed to an Urgent Care Center (UCC) or an Emergency Room (ER)? This question is dependent on the type of care needed. If you believe that a serious medical condition exists, that would result in a threat to life, limb, or eyesight, then proceed to the nearest ER. If you are **enrolled to the 6 MDG** and your medical need is not emergent (life threatening), but you feel that obtaining care may be necessary, please contact the on-call 6 MDG provider at (813) 828-2273 or 877-495-7120. The on-call provider will assist you in determining whether you should proceed to an Urgent Care Center or whether your medical needs can be met the next duty day at the 6 MDG. **If you proceed to an UCC without speaking to the on-call provider, you may incur the cost of the visit.**

These are just a few examples to show some conditions that warrant an emergency room visit; life threatening, broken bones, loss of eyesight or limb, chest/abdominal pain, or uncontrolled bleeding. If a life threatening emergency occurs you should contact 911 immediately or proceed to the nearest emergency room.

What procedures do I follow after my visit? TRICARE Prime members should contact the 6 MDG within one business day after the visit. Please provide the location you went to include time of visit, address, date, and symptoms presented at the time of visit. This will allow appropriate follow-up care to be scheduled and expedite the claims payment process. If your visit to the UCC is deemed to have been necessary, an authorization will be entered. Your health is the primary concern of the 6th Medical Group which is why it is critical to contact the 6 MDG after any visit to a UCC or ER.

Where can I go to receive after-hours care? Fortunately, the Tampa Bay area has a robust health care system. There are numerous network UCCs and ERs where after-hours urgent (UCC) care or emergency medical care (ER) can be obtained. Being proactive and determining the nearest TRICARE network or certified UCC will help you and your family be prepared in the event that you need to utilize this option. Area UCCs have different hours of operation, while ERs are open 24 hours a day and are for life threatening medical emergencies. Individual UCCs may also have restrictions on the age of patients they will treat. To locate a TRICARE network UCC please call the Provider Locator at 1-800-444-5445 and follow the prompts. You can also go online at www.humana-military.com, *Beneficiary Resources*, select

Provider Locator, and choose *Urgent Care Centers*. To determine if a UCC is network, refer to the list below or contact HMHS at 1-800-444-5445.

How do I know if a non-network UCC is TRICARE certified? There are two ways to determine if the non-network UCC you plan to use is TRICARE certified. The best way is to call the UCC and ask if they accept TRICARE. If they do, a good follow-up question is “Does your clinic bill TRICARE or will I have to pay at the time of the visit?” If the non-network UCC is TRICARE certified but requires payment at the time of the visit, you can bring the bill to your local TRICARE Service Center, where you will be assisted in filing for reimbursement.

Will I be charged for my visit at a community facility? If you are a TRICARE Prime enrollee and you are treated in a TRICARE network UCC, these UCCs will file the claim for you. However, if you fail to obtain the necessary authorization you can possibly be required to pay for the care. Network UCC's are required to file the claim. If you are treated at a non-network certified UCC, you will have to pay for the care at the time of the visit. If you are required to pay upfront for your non-network certified UCC visit, and the UCC will not file the claim, you may print and fill out the claim form (DD Form 2642) located on the Humana-Military website (www.humana-military.com). The form can be found under *Beneficiary Resources* and then *TRICARE Forms*. The instructions and address for submitting the claim form are on the website. If you are unable to access the form or if you have additional questions, please bring your bill to the TRICARE Service Center located adjacent to the 6 MDG Clinic. The personnel there will assist you in filing the claim. Please allow at least 2-3 weeks for claims to process. Also note that your bill will only be paid if a referral for the visit has been entered. Ensure that you have contacted your PCM after any visit to a ER or UCC and request the ER/UCC to send the notes to your PCM via fax to (813)828-1983. You may need to complete a release for the ER/UCC to do so. If you receive a bill for an ER visit, please bring your claim to the TRICARE Service Center. These claims are handled on a case-by-case basis.

What if I am a TRICARE Standard/Extra member? If you are a TRICARE Standard/Extra you are subject to the annual deductibles and co-pays associated with your TRICARE status. Under TRICARE Standard/Extra you may see any TRICARE-certified provider however should determine if you condition should be a UCC for urgent care or ER for medical emergency care. Using a network UCC will save you 5%.

Who can I contact for more information? Questions regarding medical benefits on any TRICARE programs please call Humana-Military, the TRICARE South Managed Care Support Contractor at 1-800-444-5445 (www.humana-military.com) or one of the 6 MDG's Government Health Benefits Advisors at 813-827-9900, Option 3.

TRICARE NETWORK UCC'S LISTED BY CITY

**** Indicates MTF preferred UCCs, especially in South Tampa. If distance is too great then refer to other UCCs in the network.**
