### Children's Entertainment

1300 - 1400 Sam Renick - It's a Habit! Sammy Rabbit! (Grades K-5), Mologne House

Free, private, One-on-One counseling sessions with Personal Financial Counselors will be available all day at Building 11 (MWR Conference Room).  
Please visit the Registration Desk to sign up.

Exhibit Hall with financial support resources and experts will be available all day at the Mologne House.

## Keynote Presentation

*Suze Orman®*

Two-time Emmy award-winning television host, *New York Times* best-selling author, magazine and online columnist, writer/producer, and motivational speaker, Suze Orman is undeniably America's most recognized expert on personal finance. The economic crisis that struck 2008 has left no one untouched and everybody reeling. Suze Orman delivers honest straightforward guidance -- what to do, when to do it and how to do it -- as only Suze Orman can.

## Identity Theft: Think Like a Spy...Bulletproofing Your Identity

*John Sileo*

Identity theft is America's fastest growing crime and a major concern for many Americans. In this presentation, John Sileo takes the mystery out of protecting yourself, personally and professionally. Mr. Sileo speaks from experience: his identity was stolen and used to commit a series of crimes, including \$300,000 worth of embezzlement. You will learn how to bulletproof your identity, hear about data privacy and practical skills for protecting your wallet, trash, computer, mailbox, brain, business, and much more.

## Truth & Myths of Credit Reports

*Rod Griffin*

Learn the true facts of what is and is not included in your credit report and score, and how credit bureaus collect and organize information about you and your credit history for public records, your creditors, and other sources. Learn what are considered potentially negative items on your credit report and your rights as a consumer to dispute items.

## Who Do I Call? - Consumer Affairs Panel on Handling Unfair Business Practices

*Expert Panel*

When faced with issues in business affairs, consumers are often not aware of the support services available to them. There are numerous government agencies designed to provide education and resources related to unfair business practices. This panel discussion will direct attendees to these resources, which include but are not limited to: product liability, insurance, investments, car buying, and predatory lending. Attendees will leave feeling empowered with the tools to actively manage their business affairs.

*"You will never be powerful in life until you are powerful over your own money.  
How you think about it, feel about it, and invest it."*

-Suze Orman

## Dream Big - Plan Now! Make Your Ideal Retirement a Reality

Americans are living longer and enjoying an extended 20 to 30 years of retirement at the end of their lives. To compensate for the longer life span, having a financial plan for those golden years has never been so important. In this workshop, participants will develop a financial plan that includes planning and saving for retirement, understanding all of the financial resources available through the military, and more.

## Money Management for Modern Times

The economic downturn of the nation can make a bright future seem doubtful. Keep in mind that the nation has recovered from every economic hardship in the past and will more than likely recover from this one too. This workshop will help you weather the storm by planning your finances for everyday life and deployment, too. It is a plan for the long haul, a stable financial future for you and those important to you.

## Small Business Opportunities for Veterans

Military service brings with it many unknowns and concerns. Often small business ventures are ideal for veterans and are instrumental in planning your finances for everyday life. This workshop will help you develop strategies to show you how to position yourself to start your own small business.

## Stretching My Money in a Tight Economy

Learn about successful financial management and the steps you can take toward achieving your financial goals. This workshop will share examples of successful and unsuccessful financial management practices, how to recognize signs of financial trouble, and skills to gain control of personal finances.

*"A big part of financial freedom is having your heart and mind  
free from worry about the what-ifs of life. "*

-Suze Orman
