

Make Your Home a **SAFE HAVEN**

MILITARY
ONE SOURCE

Everyone plays a role in ensuring safe, secure and ready military communities.

Do your part by safely and securely storing your firearms at home with one or more of these tips.

SAVE A LIFE

Having access to a firearm greatly increases the risk of death from domestic violence or suicide.

KEEP YOUNG CHILDREN SAFE

Firearms are the second leading cause of death among American children. Even a 3-year-old can pull the trigger of an unlocked gun.

PREVENT ADOLESCENT SELF-HARM

In the past decade, the suicide-by-firearm rate among 10- to 14-year-olds has increased by more than 200%.

Secure firearms with cable locks in a lockable safe.

Lock ammunition in a separate container.

Place keys to ammunition and firearms storage in separate locations.

Access to guns that are not stored safely and securely greatly increases the risk of child injury or death.

Unload firearms before you store them.

If someone you know is going through a tough time, offer to store their firearms.
