

# EFMP RESOURCES, OPTIONS AND CONSULTATIONS

The Exceptional Family Member Program ROC helps us meet our shared goal of helping military families with special needs connect with the support they need. It enhances the EFMP experience by offering families an easy access point to Resources, Options and Consultations.

## Expertise

Families can consult subject matter experts 24/7 on topics including education, the military health care system, TRICARE coverage, state and federal programs, and more.

Call or live chat any time to schedule a specialty consultation in person, by phone or video. We can arrange three-way calls with health care and other experts to help your clients.

## Tailored information

The online tool, EFMP & Me, guides families through the Department of Defense's network of services and support with checklists tailored to their specific needs.

## Robust Resources

EFMP ROC is the one-stop place to find everything for families with special needs:

- Helpful content on Military OneSource
- Specialty consultations
- EFMP & Me

## Get Your Toolkit and Get the Word Out

Let your families with special needs know how EFMP ROC can help. Find a toolkit with flyers, social media graphics, posters, PowerPoint presentations and more at
