One-color Logo

The one-color version of the logo uses Pantone 7693c or RGB 0/62/106.

Reverse Logo Versions

There are two reverse logo versions that can be used. Both versions must appear with a background color or image dark enough for optimal contrast. The one-color version of the reverse logo appears all white. If using the second version, the star and bar use the original colors as detailed above.

Minimum Sizes and Spacing

To maintain legibility, the absolute minimum size of the logo is 1.25" wide and the minimum pixel size/resolution is 175 pixels.

Always present the logo with minimum clear space intact. All sides of the logo must be equal to the size of the letter "M."
